

China

Country context

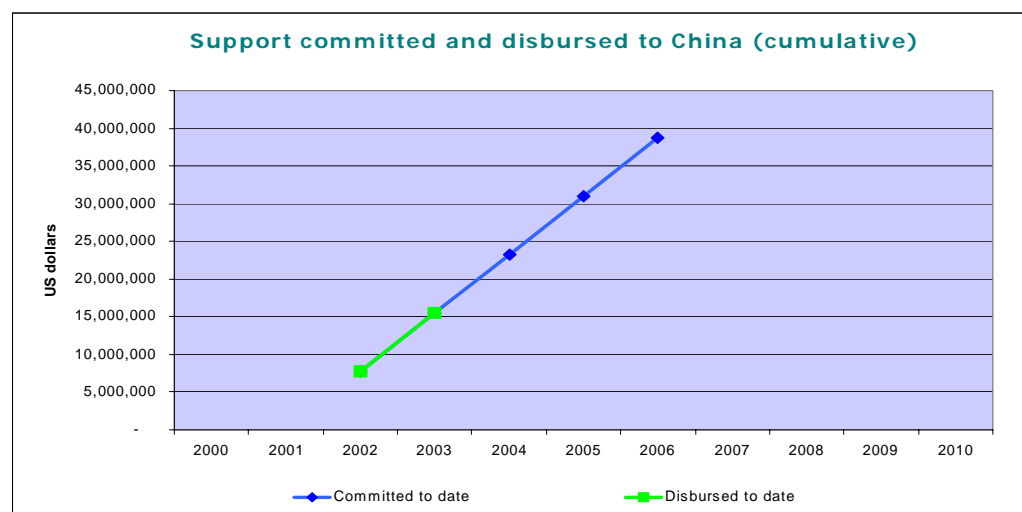

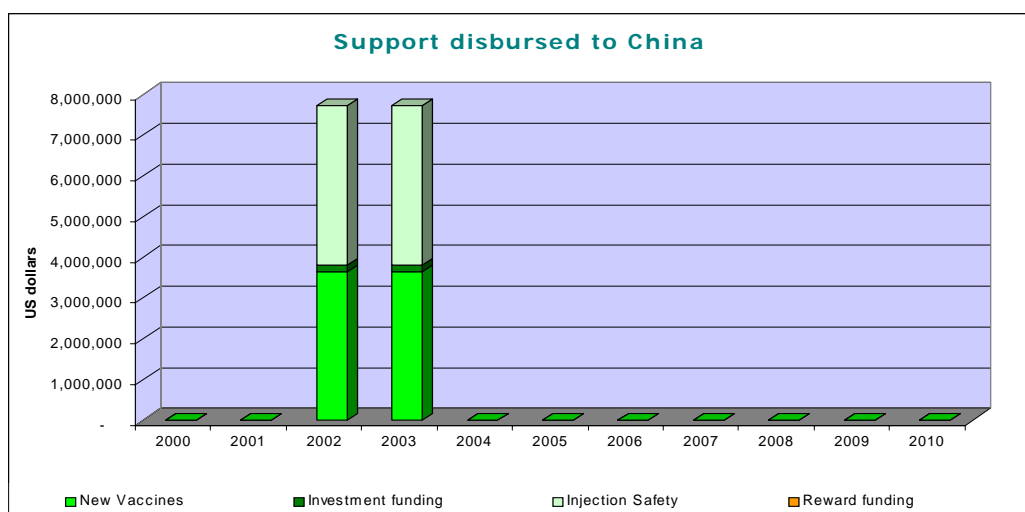

Total population ¹	1,313,309,072	GAVI specific information
Surviving infants ¹	18,039,000	
Infant mortality rate (deaths under 12 months/1000) ¹	35	
Child mortality rate (deaths under 5 years/1000) ¹	42	
Amount spent on health/person ²	\$49	
Gross National Income (GNI per capita) ³	\$960	Financial Sustainability Plan (FSP) Due 2004 Data Quality Audit (DQA) Not required Last progress report Received 2003

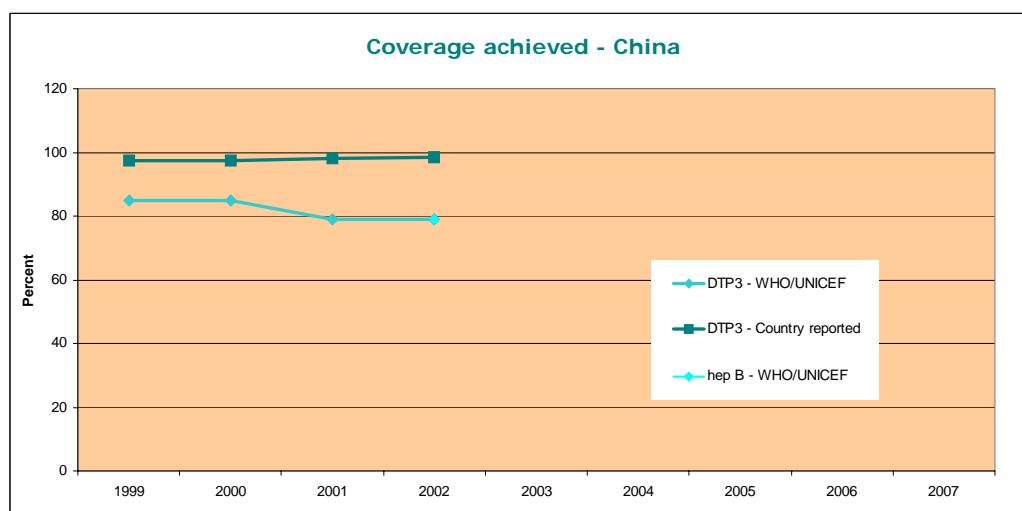

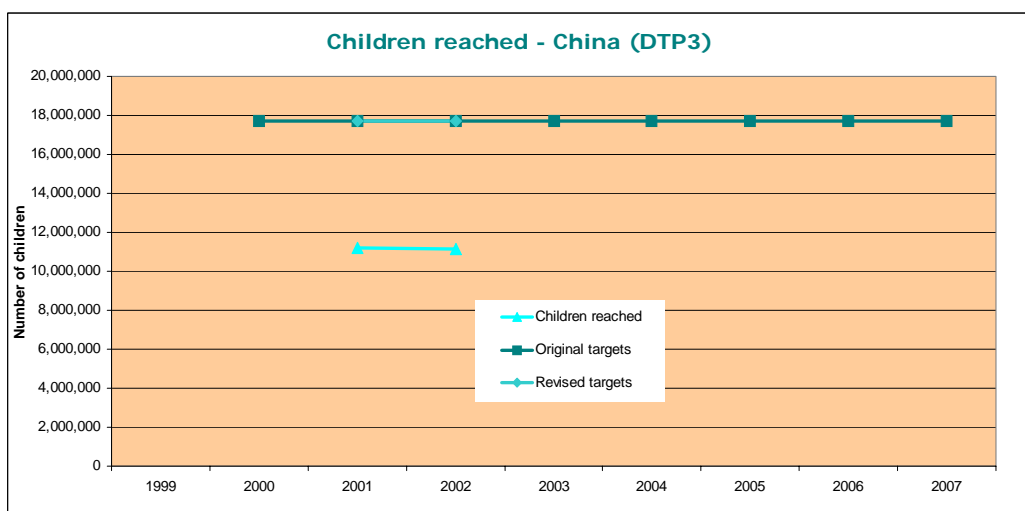

GAVI /Vaccine Fund support

Country's multi-year immunization plan covers years	2001 to 2005														
Total value of support:		2000	2001	2002	2003	2004	2005	2006	2007	2008	2009	2010			
Hepatitis B vaccine (NVS - Hep B)	\$21,953,500														
<i>Haemophilus influenzae b</i> vaccine (NVS - Hib)	not eligible														
Yellow fever vaccine (NVS - YF)	not eligible														
Injection safety (INS)	\$15,926,000														
Cash support for immunization services (ISS)	\$800,000														

INS - Injection Safety Support *** ISS - Immunization Services Support, can include onetime payment of \$100,000 *** NVS - New and Under-used Vaccine Support

Country outcomes

Select indicators

Immunization system performance

% districts reporting greater than 80% coverage (DTP3)¹: **97%**
 % districts reporting less than 50% coverage (DTP3)¹: **0%**
 % dropout DTP3 vs. DTP1¹: -

Other indicators

% of districts supplied with adequate number of AD syringes¹: **0%**
 % wastage for hep B, Hib¹: **3%, 5%**

Financial sustainability

Total expenditure on health as % of GDP²: **5.5%**
 What percentage of routine vaccine costs was financed by the government (including loans)¹: **50%**
 % new vaccines paid for by GAVI: -

1. 2003 Joint Reporting Form, WHO/UNICEF
 2. 2003 World Health Report, World Health Organization

The Global Alliance for Vaccines and Immunization and its financing arm, The Vaccine Fund, is a partnership dedicated to saving children's lives and protecting people's health through the widespread use of vaccines. Harnessing the strengths and experience of multiple partners in immunization (WHO, UNICEF, the World Bank, the Bill & Melinda Gates Foundation, NGOs, country governments and the vaccine industry), the GAVI partnership provides poor countries with catalytic financial aid and other assistance. GAVI fact sheets are published annually (February) by the GAVI Secretariat and the information contained therein may not be the most up-to-date obtainable. Please contact the Secretariat at gavi@unicef.org with any questions. Download from: http://www.vaccinealliance.org/home/Support_to_Country/country_profiles.php
